**FUNGI STOP 14**  
**BIOLOGICAL FUNGICIDE AGAINST *Erwinia carotovora* (FOR CUT FLOWERS)**

ACTIVE INGREDIENTS IN 1 KILOGRAM:

**Main ingredients:**

Trichoderma Harzianum 1x10<sup>8</sup> CFU/GRAM ...10,00%  
 Bacillus Thuringiensis Endo Mycorrhizae (Glomus  
 Intraradices, Glomus Aggregatum, Pisolithus)  
 1x10<sup>8</sup> CFU/GRAM ...10,00%

**OTHER INGREDIENTS:** .....70,00%

**TOTAL:** .....100%

<b>First Aid</b>	
If on skin or clothing:	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
If in eyes:	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, and the continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>

If swallowed:	<ul style="list-style-type: none"> <li>• Call a poison control center or doctor immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to by a poison control center or doctor.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<p><b>HOT LINE NUMBER:</b> Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Emergency.</p>	

**KEEP OUT OF REACH OF CHILDREN  
 CAUTION**

**PRECAUTIONARY STATEMENTS  
 HAZARDS TO HUMANS & DOMESTIC ANIMALS  
 CAUTION**

Harmful if absorbed through skin, inhaled, or swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing dust, wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Applicators and other handlers must wear protective eyewear, long sleeved shirt, long pants, waterproof gloves, shoes and socks. Mixing, loading or applying must wear a dust mist filtering respirator meeting NIOSH standards of at least N-95, R-95 or F-95. Follow manufacturer's Instructions for cleaning/maintaining PPE. If no such instructions for washing, use detergent and hot water. Keep and wash PPE separately from other laundry.

**USER SAFETY RECOMMENDATIONS**

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Users should remove clothing/PPE immediately. Then wash thoroughly and put on clean clothing.

**ENVIRONMENTAL HAZARDS**

For terrestrial uses: Do not apply directly to water or to areas, where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected workers may be in the area during application.

**AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Exception: If the product is soil injected or soil incorporated, the Worker Protection Standard, under certain circumstances, allows workers to enter the treated area if there will be no contact with anything that has been treated. PPE required for early entry to treated areas (that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil or water) is protective eyewear, coveralls, waterproof gloves, shoes, and socks.

**PRODUCT INFORMATION**

Powder 100% soluble biological fungicide is preventative for control of plant diseases as *Pythium spp*, *Rhizoctonia spp*, *Erwinia carotovora*. Biological fungicide can be used alone or in conjunction with certain chemical pesticides or fungicides also can be used in combination with any type of NPK fertilizer. For user instruction see on NPK fertilizer label.

### **PREPARATION FOR USING**

Biological fungicide must not be mixed with chemicals that contain the following active ingredients: imazilil, propiconazole, tebuconazole, and triflumizole. Do not apply ready mix immediately before these pesticides are used.

See specific instructions for tank mixing.

NOTE: Biological fungicide becomes active on plants when temperatures are above 10° C and is not effective while temperatures remain cold.

### **CUTTING DIP**

FLOWER CUTTING DIP: mix 2 kg of biological fungicide with 50 liters of water and dip the cuttings for 10 minutes. Constant agitation is required to maintain biological fungicide in suspension. Biological fungicide is compatible with many commonly used fungicides, pesticides, insecticides, herbicides, other fertilizers and biological control products.

### **AGITATION IS REQUIRED TO MAINTAIN SUSPENSION**

Clean application equipment before use of this product and use sprays within 4 hours of preparation. To prevent nozzle lip clogging, the manufacturer recommends using 100 micron mesh inlet screens in all spray equipment.

### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

#### **BIOLOGICAL FUNGICIDE STORAGE**

Store in a cool, dry place from direct sunlight. Do not store at temperatures above 23°C for prolonged periods. Keep container tightly closed when not in use.

#### **BIOLOGICAL FUNGICIDE DISPOSAL**

Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility.

CONTAINER HANDLING: Non refillable container. Do not reuse or refill this container. Completely empty bag by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then offer for recycling if available, or dispose of empty bag in sanitary landfill or by incineration. Do not burn, unless allowed by state and local ordinances. If burned, stay out of smoke. If outer box is contaminated, dispose of in same manner as required for the bag.

#### **NOTICE TO BUYER AND SELLER**

Seller warrants that this product conforms to the description on this label and is reasonably fit for the purposes stated on this label when used and stored in accordance with the directions. This warranty does not extend to use of this product contrary to label directions or under conditions not reasonably foreseeable by the Seller, and Buyer and User assume the risk of any such use. To the extent consistent with applicable law, Seller disclaims all other warranties, express or implied, including any warranty of fitness or merchantability. To the extent consistent with applicable law, Seller shall not be liable for consequential, special or indirect damages resulting from use or handling of this product, and Seller's sale liability and Buyer's and User's exclusive remedy shall be limited to refund of the purchase price. This product is sold only for uses stated on its label.
